the scope of services.**

**Council Agenda: 5-22-12
Item: 2.22**

City Council Action Request

Department:
Environmental Services

CEQA: Use of existing
EIR, File No. PP08-092,
adopted May 28, 2008.

Coordination: City
Attorney's Office and City
Manager's Budget Office

CMO Approval: 
Dept. Approval:
/s/ Kerrie Romanow

RECOMMENDED ACTION:

Adopt a resolution authorizing the City Manager to negotiate and execute an amendment to the agreement with the San José Conservation Corps to expand the scope of services and include trash removal on all City owned or controlled properties, and authorize the City Manager to negotiate and execute future amendments during the term of the agreement if amendments are within the City Manager's contracting authority as specified in the Municipal Code.

BASIS FOR RECOMMENDATION:

City and San José Conservation Corps (SJCC) entered into an agreement effective on July 1, 2011. The term of the agreement is one year with the ability for the City to extend the agreement up to four one year additional term. The current agreement with the SJCC limits the trash cleanup services to solely on creeks and other riparian areas. This proposed amendment would allow SJCC to provide cleanup services on all City owned or controlled properties. Staff is requesting the authorization for the City Manager to negotiate and execute future amendments during the term of the agreement if amendments are within the City Manager's contracting authority as specified in the Municipal Code.
